NSSL Earth Science Event, April 2008:

This is a short film that can be seen online. Go to www.storyofstuff.com and click on the box at the top of the screen. It's about 20 minutes long.

This will be a pen-and-paper event consisting of 30 multiple choice and fill-in-the-blank questions. The questions will cover the content in the short film, as well as information from the Fact Sheet and "Another Way" links under the Resources link. There will even be a handful of questions from Annie's Story of Stuff Blog.

Any questions? Please contact amorton@woburnpublicschools.com.
